The latest mail brings Bombay dates of 24th Dec.
Nothing additional was contained in it from Oude or
Caw fore, owing it was presumed to the continued
interruption of the mail between Calcutta and Bommy. The garrison at Futehpore was pressed by the surgents, and they had abandoned part of their nts and taken up another and more secure A column from Delhi, under Col. Sea position. A column from Delhi, under Col. Seaton, attacked a body of insurgents at Genowree and defeated them, killing 160 and taking three or four guns. Three British officers were killed and one wounded. The insurgents in the neighborhood of Jubbelpore were attacked on the 29th November, without decisive results. Reinforcements were adwithout decisive results. Reinforcements were advancing to Jubbelpore. The Rajah of Amjheer and his Minister had been tried and sentenced to death The Minister was hanged, but the sentence against the Rajah awaited the confirmation of the Governor General. Other executions have also taken place. The Punjab, Scinde and Bombay were all quiet. No further rebel depredations were reported, and quiet generally prevailed.

that, after all, "the back of the rebel-It appears that, after all, "the back of the rebel-lion" is not fairly broken; and it is expected to cost much time, money and bloodshed before peace will be restored to India. Especially in Oude, where the people are brave and warlike, will the country re-nire to be conquered anew. The London Daily of 15th January, in talking of the spread of

dian mutiny, says:
sport has reached us—we regret to add, from
ble source—that as soon as Maun Sing's adhethe insurgent cause in Oude became known,
e small Talookdars, who had hitherto stood tened to make the best terms they could for ves with the rebels. It is stated that, with a make their accession the more acceptable, them as had previously concealed and pro-uropean fugitives, delivered them up to the and that all our unfortunate countrymen red have been butchered.

condon Times says that an impression seems atertained, that the amount of the proposed r India, instead of being limited to six or eight s, will be as much as ten millions of pounds. John Lawrence, the energetic commander in injanb, has commenced taxing the landholders ry parish for the damage done within its bounds mutineers. He levied a fine of 60,000 rupees town of Loodians, and handed over 36,000 on to the American missionaries, as part com-

of the East India company, of high position, s, under date of November 17th, as follows:

It Canning published, some time ago, a mischievens order that all Sepoys apprehended, except those who had killed their officers, were not to be hanged, but sent in irons to Allahabad... I for one have dered to disobey, and have hanged men who did not imbrue their hands in the blood of their own officers, but who fought like fiends against us. If such men but who fought like fiends against us. If such men as these are allowed to escape, how can we talk of justice and retribution?... It is a fatal mistake to justice and retribution?...It is a fatal mistake to suppose that the natives appreciate such leniency. They attribute all hesitation on our part to fear, nothing else. I for one will not spin or show leniency to any Sepoy or Mahomedan, but for this I am liable to be at any moment disgraced and removed What we all require is an overwhelming pressure from without on the Indian government, which shall compet them to adopt the proper course... What has this terrible crisis taught us, but that conciliation, mildness, and trust in the native character are utterly wrong? Severe justice, rigidly enforced, will save India, but weak measures, mildly carried out, will ruin the country. ruin the country.

By the ship Joseph Peabody, which arrived at San FRMAN RAT POISON-For sale by Francisco on the 1st instant from Hongkong, paper. have been received from that place to 2d January. The principal news is the long expected assault by the British, aided by the French, upon Canton, and the capture of that city, into which at the latest dates about 2,500 English and French troops had entered. The number of British reported as killed and wounded was twenty-eight sailors and marines, and nineteen of the 59th Regiment. Among those killed was Capt. Bate of the ship Actaon. The loss suffered by the French was not known, but was supposed severe. The Hong Kong correspondent of the London Times, under date Nov. 28th, says that Mr. Reed, American Commissioner, remained on board the frigate Minnesota, carefully avoiding any entangling alliances. He says that the Minnesota, from her great size, would prove almost useless for warlike purposes in the China Seas.

Interesting to the Department of War! PLANS OF THE MORMONS.—The New Orle Picayune has a very intelligent correspondent accompanying the Utah expedition. He expresses the opinion, which we have all along entertained, that the saints will not show fight, but will emigrate next spring, as he thinks, to the Sandwich Islands, which may be the case, though we have been inclined to believe they will make a lodgment in Sonora, but they may prefer going further, to prevent being again disturbed. The writer says:—

I am told by gentlemen in our camp, who have resided long in Salt Lake City, and are well acquainted with the Mormon population, that the guerrilla bands now on Green River and in its vicinity, comprise the elite of the fighting men whom brother Brigham can bring into the field. That they are nearly all Americans, and so far from being the dupes of the Mormon prophets and apostles, are desperadoes and outlaws, who believe in neither God nor devil, but adhere to Mormonism for the license which it allows them. At least three-fourths of the Mormon population of Utah Mormonism for the license which it allows them. At least three-fourths of the Mormon population of Utah, however, are foreigners, a large number of whom are represented to be mere dupes and simpletons, with not the least proclivity in the world for bloodshed and butchery. The Mormon leaders I think contemplate making good their escape in the spring to the Sandwich Islands, where they have already a numerous organization. It would not take Brigham long to root out and upset King Kamehamaha and to to root out and upset King Kamehameha, and to cause himself to be crowned king in his stead. There he could have full sweep, with no federal governors, judges or armies to molest him or make him afraid.
